

Council Functions

Provide current information to higher education, school districts, California Department of Education, and SELPA's (Special Education Local Plan Area) and/or other organizations and agencies as needed to enable them to encourage/promote the Adapted Physical Education Guidelines, Physical Education Framework, Physical Education Standards, and other pertinent documents and programs that exemplify the established credential process.

- Provide support and assistance to the National Adapted Physical Education Conference Committee.
- Recommend/plan session topics for the National Adapted Physical Education Conference and the annual CAHPERD conference.
- Recommend, initiate, and/or carry out projects, publications, or conferences appropriate to the needs and interests of the Adapted Physical Education Section membership.
- Maintain liaison with Institutions of Higher Education and the California Commission on Teacher Credentialing concerning credential standards.
- Provide leadership in interpreting legislation and the California Education Code regarding Adapted Physical Education.
- Work with the California Department of Education Special Education Division on projects that relate to Adapted Physical Education.
- Solicit nominations and select recipients for the Teacher of the Year & Exemplary Program awards.
- Solicit nominations and select recipients for the Cultural Diversity and Julius Spizzirri Student Scholarships.

PURPOSE

The mission of the CAHPERD Section on Adapted Physical Education is to lead, support, and assist Adapted Physical Education Specialists to provide the highest quality physical education programs for individuals with and without disabilities in California. Such programs will maximize student skill development and cultivate a desire to lead an active, healthy, and productive lifestyle.

To lead and support the implementation of quality, daily physical education programs for individuals with and without disabilities.

To support and assist lifelong learning in all areas related to physical education for individuals with and without disabilities.

To lead the development and implementation of state and federal regulations and guidelines as they relate to individuals with and without disabilities.
